Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Tuesday 09 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly dry and bright Tuesday. Wet and windy from Wednesday.

Today:
Mainly dry with bright or sunny spells and light winds. A little cloudier to the north with spots of rain or drizzle over the Peak District. Cloud and wind increasing from the west by the evening. Maximum temperature 11 deg C (52 deg F).

Tonight:
Cloud, rain and increasingly strong winds spreading eastwards across the region through the evening and overnight. Rain will be persistent and occasionally heavy by dawn. Minimum temperature 4 deg C (39 deg F).

Wednesday:
Cloudy throughout with persistent rain, heavy at times and perhaps wintry on western hills. Very windy, with gales and perhaps severe gales over higher ground. Rain clearing to showers overnight. Maximum temperature 12 deg C (54 deg F).

Outlook for Thursday to Saturday:
Windy with heavy, blustery showers and a risk of thunder, wintry showers possible over hills. Risk of gales, maybe severe over hills. A longer period of rain possible early Saturday.
